hydrotherapy

Hydrotherapy or water therapy has been recorded as early as ancient Egyptian, Greek and Roman civilizations. In addition to its soothing and relaxing effects, the use of hot water movement to improve health by increasing circulation, soothe pains and treat ailments has been long accepted for centuries around the world. In the modern day world, hydrotherapy is recognized as a relaxing and rejuvenating experience for the body and mind that creates inner peace and harmony.

azzura hydrotherapy systems

violet | promotes enlightenment, revelation, and spiritual awakening

indigo | sedative and calming... said to promote intuition

blue | promotes communication and knowledge and helps to eliminate toxins,

green | is calming and is associated with balance

yellow | is associated with wisdom and clarity, and stimulates digestive and lymphatic systems

orange | promotes pleasure, enthusiasm and stimulation

red | promotes energy, empowerment, and stimulation, may improve circulation and stimulate red blood cell production

azzura whirlpool

The azzura whirlpool experience is achieved through a combination of pressurized water and air delivered through strategically positioned jets throughout the tub. You have the option to add the comfort aqua system to your whirlpool for a superior lumbar treatment. Strategically positioned mini spinner back jets deliver additional therapy in the upper and lower back region.

azzura jetair®

The azzura jetair® bath features the production of thousands of tiny warm air bubbles that enter the bath through strategically spaced holes in the lower perimeter of the bath. Your body will relax as you enjoy a pampering delicate air bubble massage. You have the option to add azzura comfort aria system to your jetair® system. The comfort aria system uses strategically positioned back jets deliver additional air therapy in the upper and lower back region.

azzura combo

Combining the azzura whirlpool & jet air systems in one bath creates a unique hydrotherapy retreat. These systems are designed to be used individually, simultaneously or alternately for a customized experience. All azzura combos include the comfort aqua backjet system.

chromotherapy

Enhance your bathing experience with azzura chromotherapy. Chromotherapy or light therapy has shown to dramatically improve health, mood and balance the bodies energies. Each of the 7 colours is associated with specific healing properties. When light therapy is combined with hydrotherapy, this can heighten the therapeutic effect. The 7 colours are said to be imbued with certain healing properties...

benefits of hydrotherapy

emotional benefits

- increases over-all sense of relaxation
- creates a calming effect
- creates a feeling of well being while reducing anxiety
- creates awareness of body-mind connection, enhances a sense of harmony

muscular system

- relaxes and stimulates the muscles
- releases chronic muscle tension and pain
- reduces physical fatigue
- releases muscle spasms and cramps to relieve soreness and stiffness
- reduces fibrosis in the muscles

skeletal system

- helps maintain correct posture and body balance
- reduced muscular tension eases structural problems
- restores fluid to joints and joint capsules to loosen joints
- relieves the tension on ligaments and tendons surrounding problematic joints

skin

- improves circulation to nourish the skin
- activate neurons and nerve receptors to the skin
- helps unlock and eliminate fatty deposits

mental benefits

- massage helps to create a calm state of alertness while reducing mental stress
- it can create a calmer mind and increases the capacity for clear thinking
- it is relaxing and allows the body to release stored stress circulatory system
- increased supply of oxygen and nutrients to cells throughout the body
- blood circulation is improved
- lymph fluid, (a major part of body immune system) is moved efficiently throughout the body

respiratory system

- breathing patterns are improved
- aids long-term respiratory difficulties such as asthma and bronchitis

feel the
warmth,
delight
in the sensation,
experience the
healing...
harmoniously.

solo bagno freestanding solid surface baths

The newest addition to azzura is a collection of freestanding bath designs manufactured from innovative solid surface material. These intimate bath designs, radiate chic natural style and demonstrate the return of organic simplicity and sensuality.

“Solid surface” is an engineered material that is synonymous with superior quality, hygiene and low-maintenance. Your solid surface bath will deliver a luxury freestanding bath option that will endure generations of daily enjoyment while maintaining its smooth finish. Available in white only.

The Azzura Solid Surface Free standing collection is manufactured with both natural stone and manmade materials. All of these ingredients are mixed to provide a rock-hard and durable material.
